Reasons Why Thousands Like Me Cannot Satisfy Their Employers

believe my fate is not unlike the of thousands of other workers who dally lose their places for reading they do not know, and probably would not believe. When their last pay envelope comes along, it is usually. "Your services no longer required." If the truth were known the reason for "Your services no longer required." If
the truth were known, the reason for
their unceremonious removal would
probably be that their ascfulness was
destroyed because of some mental
worry, bodily allment or general indisposition. These things as we all know,
